

Figure S11

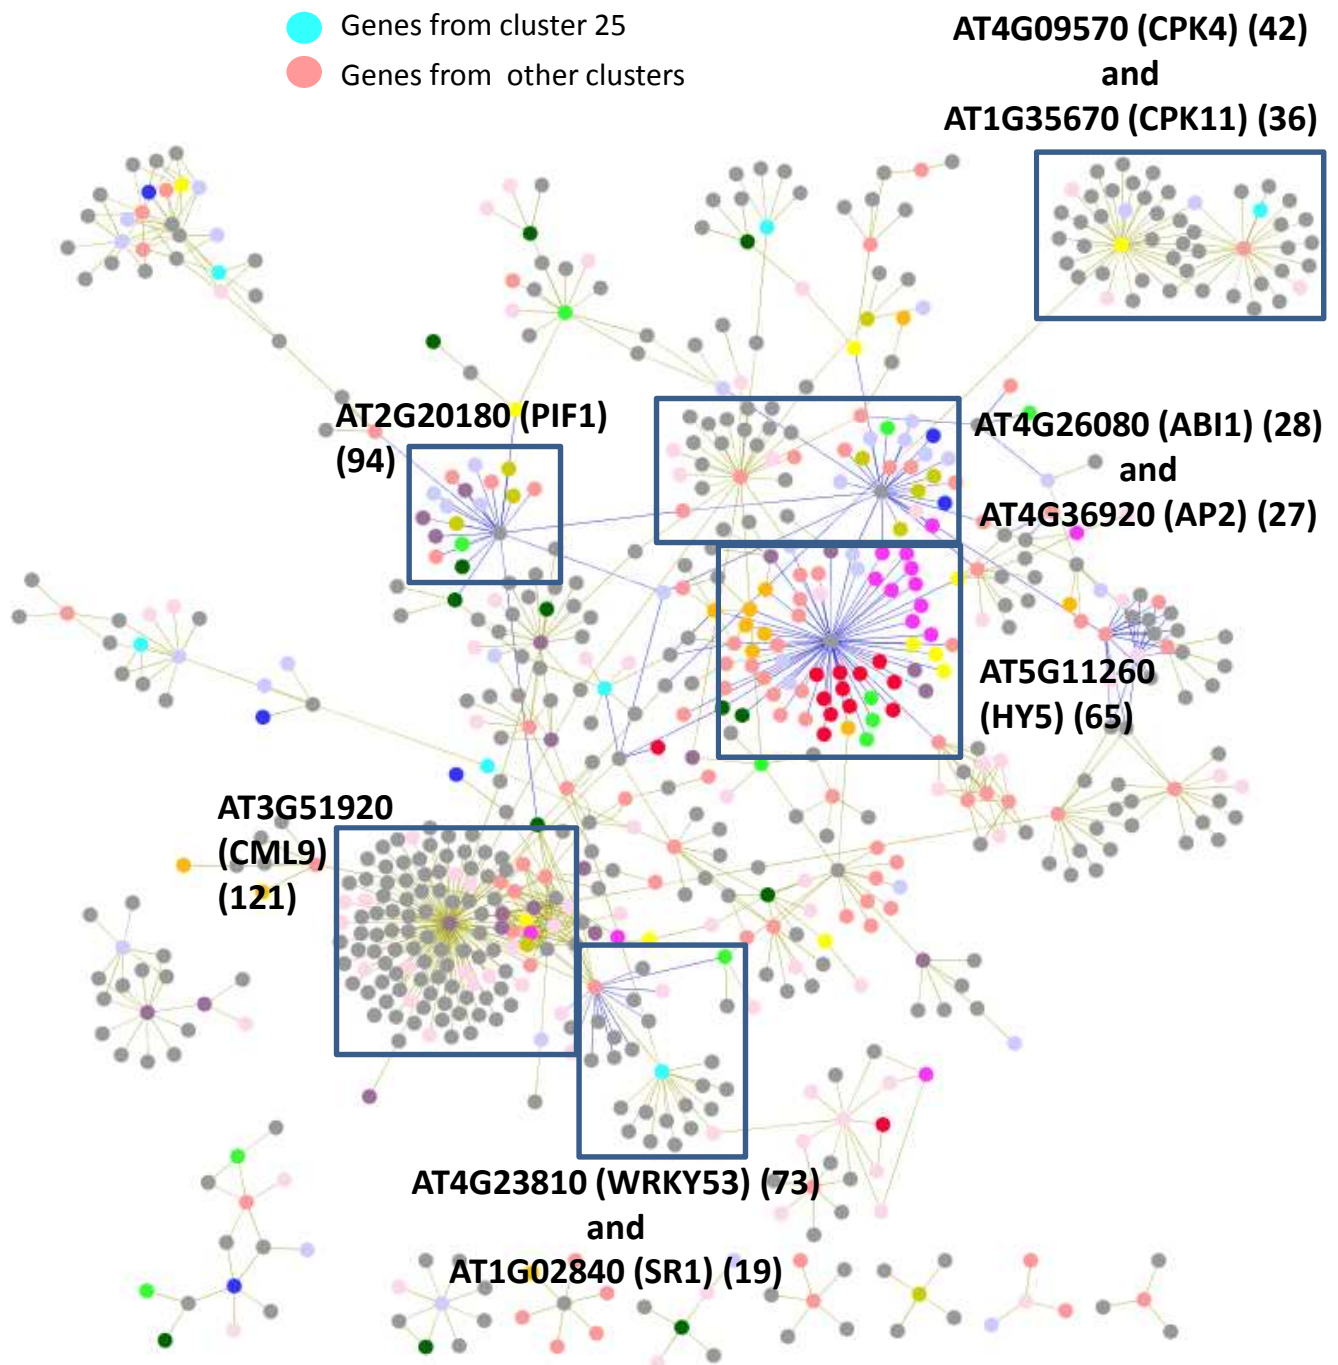

Nodes

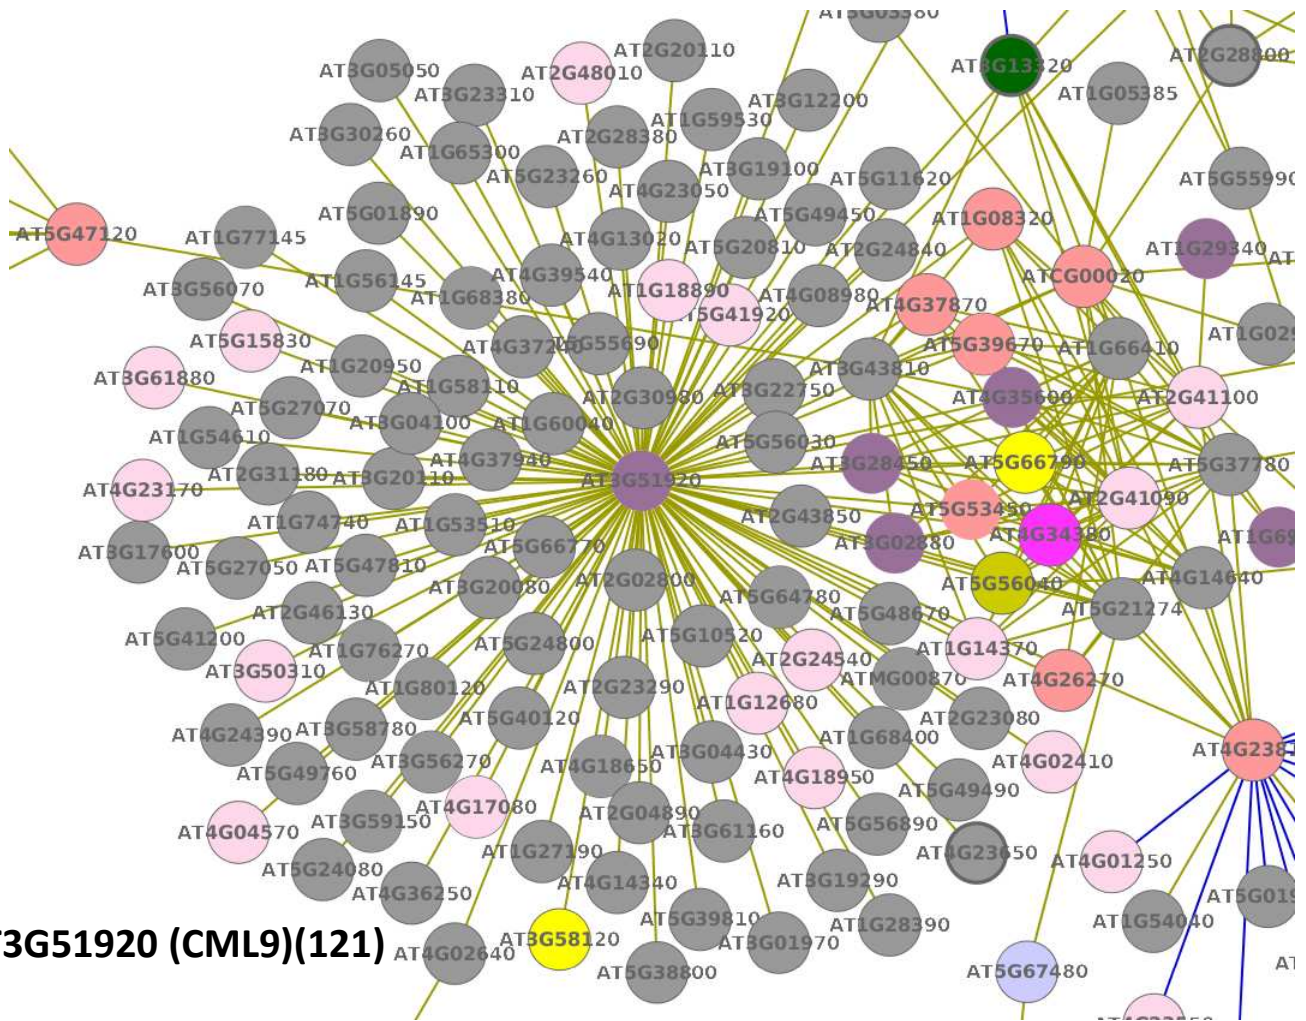

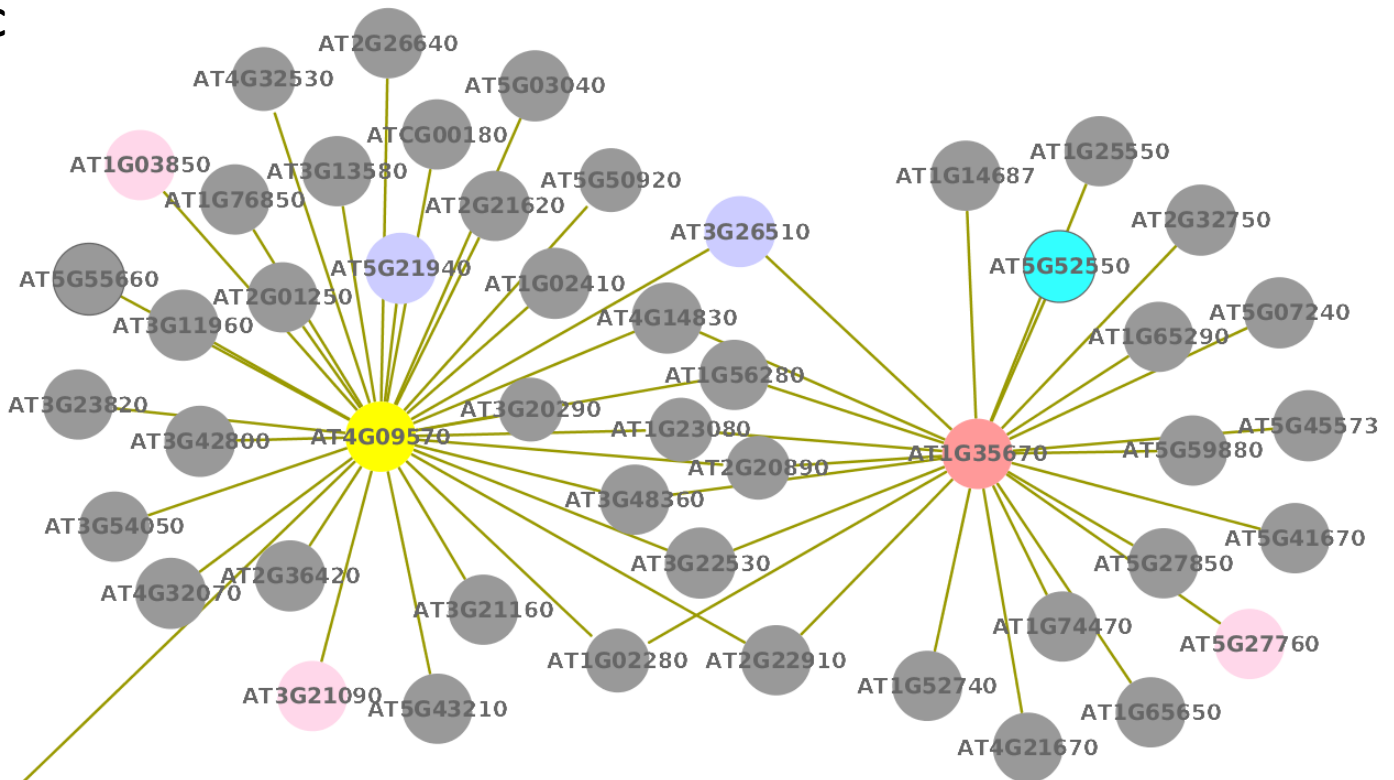

- TAIR genes not used for the clustering
- Genes differentially expressed but not kept in clustering
- Genes from cluster 10
- Genes from cluster 20
- Genes from cluster 23
- Genes from cluster 19
- Genes from cluster 29
- Genes from cluster 22
- Genes from cluster 18
- Genes from cluster 28
- Genes from cluster 25
- Genes from other clusters

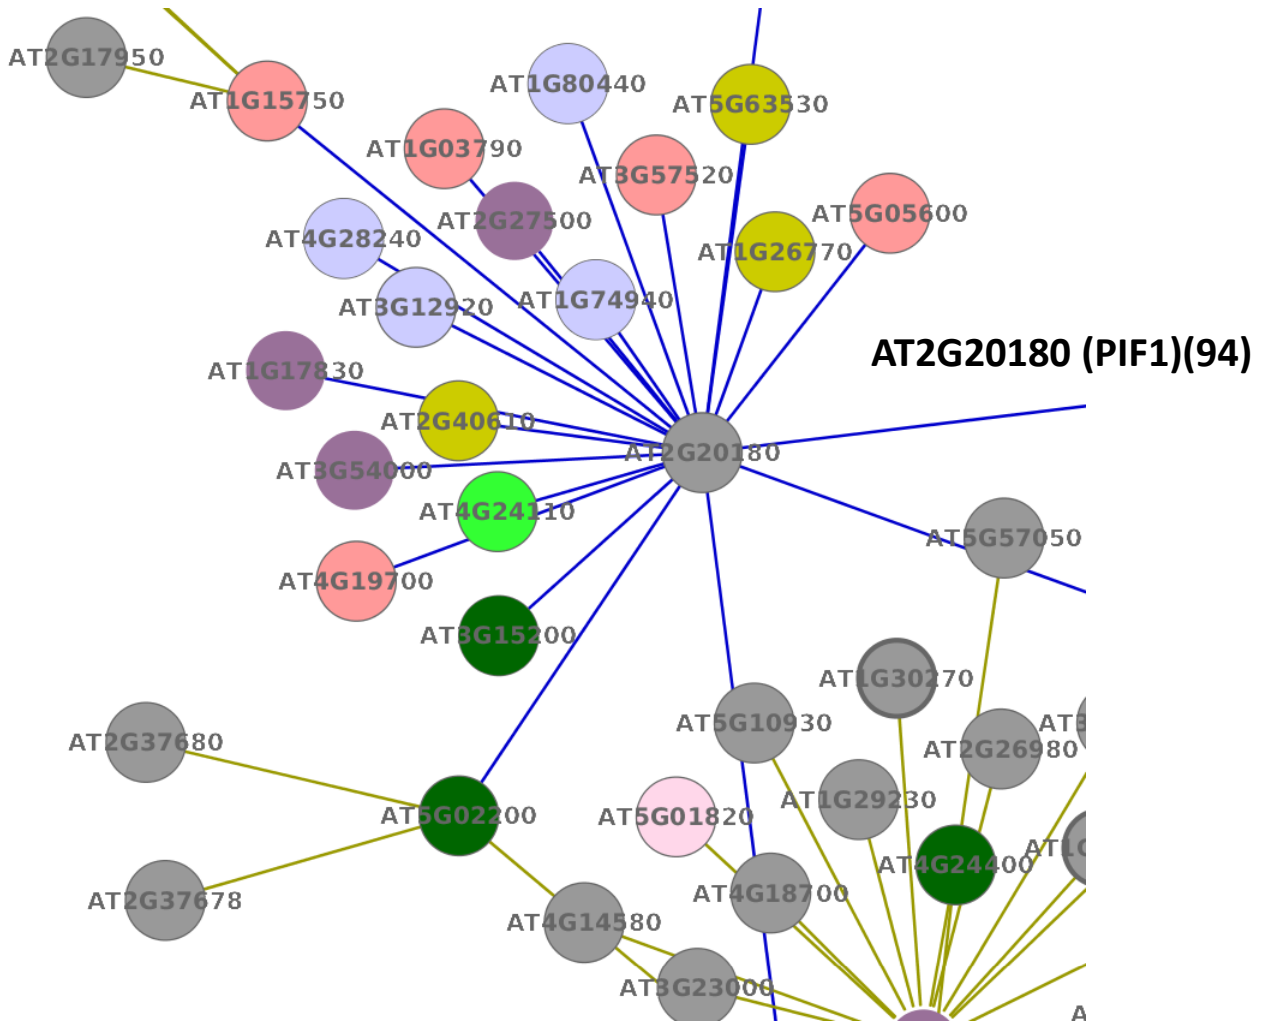

Edges

- TF-target interaction
- Protein-protein interaction
